A Wednesday callback text with no arrival window is not a booked job

A callback text is not an arrival window.

A visitor can get your Wednesday text and still find no time you will arrive

They will not guess when you come.

3/9

Put the arrival window in that same text

One window. In the text they already have.

Name who comes

A text is not a person.

5/9

If you cannot come today, say the next time there

Do not hide a full day.

Test the text in a private window

Read what they read.

Do not add a second page to hold Wednesday

Fix the text you already show.
