

1/9

**Saturday hours on the map are
not the hours on the page**

A matching line is not optional.

2/9

A visitor can see open on the map and closed on the page

They will not guess which line is true.

3/9

Make the hours line match on the map and on the page

One line. Both places.

4/9

**Name the next real opening
above the photos**

A gallery is not a date.

5/9

**If Monday is the first opening,
say Monday**

Do not imply today is open.

6/9

Test both yourself before Monday

Open the map and the page.

7/9

Do not add a second site to hold the hours

Fix the page you already have.
